

Steelflex Dual Chest Press / Shoulder Press (PL2100-BR)

The Steelflex Dual Plate Loaded Chest Press and Shoulder Press is constructed of a rugged 11-gauge oval steel tube that provides excellent strength with a modern design. The frame is protected with a high quality powder coating that resists scratches, wear and sweat. This dual function chest and shoulder seated machine is suitable for use in home to commercial environments such as weight rooms in high schools, college fitness facilities, training studios, military and commercial fitness centers and more.
