

## All Stars Protein Coffee 600g can

The Protein Coffee from All Stars is a real treat cold and warm. Especially in the morning, the Protein Coffee is ideal to combine your coffee pleasure with a protein shake. It contains real coffee in Arabica quality, which dissolves very well and promises you a lump-free drinking pleasure. Per serving, All Stars Protein Coffee provides you with an invigorating dose of 80 mg of caffeine.

**CHF 38.90**

The All Stars Protein Coffee combines the pleasure of coffee with a high-quality Whey protein. Especially in the morning, athletes are faced with the typical decision: First coffee and then a protein shake, or the other way around? The Protein Coffee from All Stars is low in sugar and provides you with 21 g of protein per shake as well as 80 mg of wake-up caffeine. The large 600g can is a real bargain in terms of excellent quality. Both hot and cold, this protein drink is a pleasure!
