The wall bars BenchK 111+A204 set includes the wooden BenchK wall bars 100 including the BenchK pull-up bar PB204 and the gymnastics accessories A204 consisting of gymnastic rings and swing board.

The wall bars with pull-up bar and gymnastics accessories is an attractive piece of sports furniture for the whole family and fits seamlessly into the living room. It can be used by any user, regardless of age and physical fitness, up to a weight of 120kg. The wall bars BenchK 111+A204 will help to improve the physical development of parents and can be a help to involve children in sports. Regular exercises on the wall bars contribute to the development of various muscle groups, spine and joint mobility. Joint exercises of adults and children on the ladder are also a good idea to spend time with the family.

The PB204 removable wooden pull-up bar can be mounted at different heights and allows you to perform exercises on different muscle groups. The wooden pull-up bar can be removed if necessary. A well-designed suspension system provides a secure hold when the situation requires it. It can be

easily moved or hung in a different position.

The gymnastic rings are made of natural plywood. The belt length of the gymnastic rings is 210cm and are 2.5cm wide. The belts are manually tied to the upper section in loop form and secured at the very bottom. Metal and plastic elements are not necessary. The belts contain a clamp that ensures strength, safety and quick adjustment of the height. A round wooden swing with the diameter of 30cm is supplied with a cotton rope.
