

Powerline Power Rack PPR1000

The PPR1000 Power Rack from Powerline by Body-Solid offers features and reliability on par with commercial power racks at a lower price. The PPR1000 Power Rack can be expanded and customized with a range of options and attachments to make it ideal for any customer. With a height of 211 cm, this power rack is shorter than most commercial power racks, making it a great choice for basements, garages or home gym applications. Included with the rack are a pair of J-Cups liftoffs and Pipe & Pin safety devices that allow users to workout safely on their own without worry.

CHF 749.00

Start your workout with one of the first inventions that allowed weightlifters to exercise safely and effectively, the Power Rack! With a wide "walk-in" design, there's plenty of side-to-side movement for a variety of exercises. Complete with 34 positions, a pair of J-Cups liftoffs, and two safety bars (Pipe & Pin safety devices) to keep your workout routine the way it should be, easy and effective.
