

Powerline Safety Pin & Pipe Set for PPR500/PPR500EXT (PPRPS)

Powerline by Body-Solids PPRPS Pipe & Pin Safeties are designed for the Powerline PPR500 Half Rack with PPR500EXT extension installed and have a weight capacity of 300kg. Pipe & Pin Safeties are a favorite of both past and present weightlifters and offer extreme durability as well as quick and easy setup. Designed to take the brunt of the force of bar drops, PPRPS Pipe & Pin Safeties maintain barbell integrity while providing a safe and reliable weight lifting experience.
