

BenchK metal pull-up bar to wall bars (PB2B/PB2W)

The PB2B/PB2W metal pull-up bar is fixed to the wall bars and is not removable. The pull-up option allows you to perform exercises on different muscle groups. The pull-up bar is equipped with six non-slip handles with polyurethane coating for easy exercises.

CHF 255.00

Additional supports are made of 4mm thick metal. The main structure consists of a rectangular profile 50 x 40mm and a tube fi 27.2mm (wall thickness 2mm). All metal parts are powder coated. The precision of workmanship and ideal shapes are achieved by using modern welding and laser cutting technologies.

The PB2B/PB2W pull-up option fits all BenchK series 2/3/7 wall bars.

Finish: metal in black or white color finishes

Handles: polyurethane

Length: 116.4cm
