CHF 759.00

The wall bars BenchK 721B set includes the BenchK wall bars 700B including the BenchK pull-up bar PB2B.

The wall bars BenchK 700B is a sturdy construction. The rungs are made of beech wood and the side bars are made of metal. The wall bars is an attractive piece of sports furniture for the whole family and fits seamlessly into the living room. It can be used by any user, regardless of age and physical fitness, up to a weight of 150kg. The BenchK 700B wall bars will help to improve physical development. Regular exercises on the wall bars contribute to the development of various muscle groups, spine and joint mobility.

The PB2B metal pull-up bar is permanently mounted on the wall bars and is not removable. The pull-up option allows you to perform exercises on different muscle groups. The pull-up bar is equipped with six non-slip handles with polyurethane coating for easy exercises. Additional supports are made of 4mm thick metal. The main construction consists of a rectangular profile 50 x 40mm and a tube fi 27,2mm (wall thickness 2mm). All metal parts are powder coated. The precision of workmanship and ideal shapes are achieved by using modern welding and laser cutting technologies.
