

Schwinn Z Bike Indoor Cycle

The newly developed Z Bike is designed to encourage participants to achieve the perfect workout or personal best and to support personal responsibility with color visualization. The configurable console allows the instructor to design the course based on FTP, heart rate or cadence to create a training experience that is unique every time. The Z Bike is available in Zs (Smooth) with smooth poly V belt or Za (Authentic) with carbon toothed belt.

CHF 3'749.00
