

BenchK pull-up bar - dip bar 2 in 1 (D8)

The BenchK 2 in 1 not only serves as a pull-up bar, but also as a dip bar. The set contains four hooks that can be mounted on the wall at the optimum height for the user. When hung on the upper hook, the 2 in 1 station is used as a pull-up bar. When attached to the lower hook, it is used as a dip bar.

CHF 549.00

The multifunctionality of the 2 in 1 pull-up bar and dip bar enables a wide variety of exercises for training the arms, back, abdomen and chest. The arm and back padding is made of high-quality polyurethane and ensures comfortable exercise performance. The non-slip handles provide a secure grip.
