

Sponser Mental Force 5 x 25ml

MENTAL FORCE is designed to support cognitive and mental performance in e-sports. Optimal gaming performance requires fast situational awareness, quick decisions and precise execution of motor requirements. Long e-Sport sessions place a heavy strain on mental performance and fatigue accordingly, focus and concentration are required. Vitamins C, B6, B12, niacin and folic acid contained in Mental Force contribute to the reduction of fatigue and fatigue, pantothenic acid to normal mental performance and B2 to maintain normal vision. Zinc and iron support normal cognitive function.

CHF 18.00

Based on high-quality plant extracts from green tea with standardized theanine content, Ginkgo biloba, Rhodiola rosea and phosphatidylserine from soy. L-theanine from green tea extract is an antagonist of caffeine and traditionally known for its relaxing effect. In e-sports, cognitive performance under stress is critical for optimized gaming performance. Green tea, Ginkgo and Rhodiola Rosea are plant extracts which are traditionally used in Asian cultures for relaxation and stress tolerance. Phosphatidylserine is found in high concentration in our brain cells and plays a role in cell communication. **ADVANTAGES** - Easy intake thanks to cure pack with drinking ampoule - Multi-supplement with traditionally established extracts of green tea, ginkgo, Rhodiola rosea as well as phosphatidylserine - Specific active complex of vitamins, zinc and iron for mental performance and reduced fatigue.

- Easy to take thanks to cure pack with drinking ampoule
- Multi-supplement with traditionally established extracts
- Specific active complex of vitamins, zinc and iron
