

## Sissel Massage Chair

The portable massage chair in compact format - the Sissel Massage Chair is a practical massage chair for quick use in any place. Flexible adjustment of headrest, chest pad, armrest and seat height is possible. Includes a practical carrying bag.

**CHF 249.00**

The practical massage chair from Sissel allows treatments that would not be possible on a therapy bed. With its low own weight of approx. 10kg, the chair can be taken anywhere, whether for treatments in companies or directly at the patient's home. Particularly practical: the chair can be easily folded up and stored in the carrying bag provided for easy transport.
