

## Powerline Smith machine PSM144X

The PowerLine Smith Machine is a true powerhouse that is often imitated but never duplicated. It is an ingenious combination of strength and resistance with free weights, coupled with the safety and control of a machine. Four 5 x 5 cm steel columns support and guide the patented Super-Glide carriage during your most powerful sets. PowerLine has taken the best equipment from the gym and designed it to their own uncompromising standards, and best of all, we've made it affordable!
