

Body Solid Professional Bank Rack Combo SDIB370

Fitness professionals, trainers and coaches agree that Body Solid's highly efficient **bench and barbell rack combo package** is the perfect solution for any fitness facility. Designed with an extra-wide 4-point stand, the SDIB370 is a rock-solid performer that features a 7° reverse incline to accommodate your body's natural lifting motion. The lift-off and safety positions are right where you want them, so lifting the barbell is always comfortable and predictable. Perform squats, calf raises, lunges, deadlifts, upright rows and many, many more strength-building exercises.
