

Airex Heritage olive gymnastics mat L190 x W60 x D0.8cm "Limited Edition Set"

1952 - the year of the AIREX® brand. The idea of producing a training mat made of soft foam was born. Since then, AIREX® has seen itself as an innovation leader in the development and production of the highest quality fitness, therapy and balance products. The AIREX® Heritage mat uniquely symbolizes the AIREX® brand promise based on the first AIREX® mat produced for the Swiss military. This mat can be used as a multifunctional mat in various segments. The AIREX® Heritage Mat is offered together with the AIREX® Dry Bag as a "Limited Edition Set".

Why are the sizes only given in "approx."? All AIREX mats are freely foamed. This means that they are not produced in molds. The production process is comparable to baking bread. The result can therefore be influenced by the ambient conditions (temperature, air pressure, etc.), so that the products always vary slightly in length, width and thickness.
