

Sissel Vitalyzor

The Sissel Muscle Vitalizer for effective fascia loosening from head to toe! It is ideal to actively counteract tension throughout the body, especially the back. You can use it before your stretching or loosening exercises.

CHF 49.00

The fasciae (= collagenous, fibrous connective tissue), which have become stuck together due to injury or degeneration, are addressed and loosened with pinpoint accuracy.

Use the Double Ball to prepare for stretching or loosening exercises. With a massage you can actively counteract tensions in the whole body, especially in the back area.

The SISSEL Vitalyzor is hygienic, skin-friendly and can be used anywhere!
