

Sissel cushion Classic Plus

The height adjustable Sissel Neck Pillow Classic Plus for any size. It is particularly suitable for relieving the vertebrae and intervertebral discs of the cervical spine. In addition, it is adjustable in height according to shoulder width, neck length and individual lying position. The velour cover is made of 75% cotton and 25% polyester. It is washable at 40 °C.

CHF 119.00

The Swedish original

All SISSEL neck pillows are manufactured with a lot of manual work in the casting process. They offer a good balance between softness and firmness, are allergy tested, anti-static and can be compressed, but still return to their original shape after a short time. The pillow core of all SISSEL neck pillows are hand washable, the covers are machine washable 40 degrees.

Neck and sleep pillow

A natural and unstressed position of the neck and cervical spine is an important factor for restful sleep. Due to its special slope and shape, an orthopedic neck pillow can be a concrete support to keep the neck area in the anatomically correct position. MEDIDOR offers a wide range of products of the traditional Swedish brand SISSEL: pressure-relieving pillows made of viscoelastic special foam, actively supporting ones made of polyurethane foam but also traditional pillows or those filled with spelt chaff and millet husk.

- Suitable for relieving the vertebrae and intervertebral discs of the cervical spine.
- With actively supporting polyurethane foam
- Incl. velour cover
- Medical device
- Dimensions: approx. 47 x 33 x 11/14 cm
