

Sissel cushion Classic

The standard neck pillow for adults with actively supporting polyurethane foam for support and more concrete correction. The velour cover is made of 75% cotton and 25% polyester, it is washable at 40 °C.

CHF 99.00

The Swedish original

All SISSEL neck pillows are manufactured with a lot of manual work in the casting process. They offer a good balance between softness and firmness, are allergy tested, anti-static and can be compressed, but still return to their original shape after a short time. The pillow core of all SISSEL neck pillows are hand washable, the covers are machine washable 40 degrees.

Neck and sleep pillow

A natural and unstressed position of the neck and cervical spine is an important factor for restful sleep. Due to its special slope and shape, an orthopedic neck pillow can be a concrete support to keep the neck area in the anatomically correct position. MEDIDOR offers a wide range of products of the traditional Swedish brand SISSEL: pressure-relieving pillows made of viscoelastic special foam, actively supporting ones made of polyurethane foam but also traditional pillows or those filled with spelt chaff and millet husk.

- With actively supporting polyurethane foam
- For support and more concrete correction
- Not height variable, instead available in 2 sizes
- Medical device
- Sizes: M (47x33x11cm), L (47x33x14cm).
