

## Body Solid Utility Stool GST20

The Body Solid Utility Stool is a suitable bench for seated exercises such as shoulder presses, tricep pullovers, French curls, concentration curls, wrist curls and more. The Utility Stool from Body Solid works great in a rack for barbell exercises or on its own with dumbbells.

**CHF 229.00**

The Utility Stool GST20 is designed to place the body in a perfect sitting posture and reduce back strain without restricting movement. Both seat cushions are mounted to the heavy-duty 5 x 5cm and 5 x 7.5cm main frame, which is made of 12-gauge steel with high tensile strength for maximum strength and has an extra wide base that ensures lateral stability.

When it comes to padding, BodySolid's extra thick, double-stitched DuraFirm™ padding is unbeatable. It is tear-resistant and guarantees a lifetime of comfort and support without ever breaking through.

### **Features:**

- Ideal for barbell and dumbbell workouts
- Robust frame construction
- extra wide and solid base offers maximum stability
- seat and back padding made of extra strong, high-quality DuraFirm padding, tear-resistant with double stitching
- 5x5cm and 5x7.5cm main frame

Use: Home to light commercial use, payload: approx. 200kg

Device dimensions: L71.1 x W71.1 x H116.8cm, weight 13.5kg
