

Micro Sprite LED Ocean Blue (SA0210)

LED wheels front and rear give the classic Micro Scooter that little extra. The compact size and light weight guarantee easy handling and effortless carrying. Suitable for children or adults up to 100kg.

CHF 129.00

Without many extras and yet in the usual Micro quality, this is the Micro Scooter Sprite with LED wheels. Due to its compact size, it is a real lightweight and therefore also for children or beginners the ideal Micro Scooter. Its lightness pays off not only when carrying the scooter, but also ensures easy handling when driving. This maneuverable aluminum scooter has already been a classic for years - on the way to school, but also for commuting.

- LED wheels front and rear
- This scooter has a device for the carrying strap
- Multi-mount clip - the multi-mount clip ensures easy attachment of the handles during carrying
- Plastic handlebar guide - thanks to special handlebar guide made of plastic, it is possible to adjust the handlebar easily and smoothly without the aluminum rubbing against each other and seizing up
- Anodized color - thanks to the anodized color, the micro is better protected from scratches and other paint damage
- Practical folding mechanism - patented folding mechanism for the best possible safety
- High-end wheels - wheels made of PU for a distinctive driving experience
- Innovative kick stand - innovative kick stand - can be folded away to the front and back - for effortless parking of the scooter.
