

Micro Maxi Micro Deluxe ECO LED Black Grey (MMD171)

The motion-powered LED wheels with dynamomechanics, give the scooter that little extra. In addition, the product has the same features as the popular Maxi Micro Deluxe: the patented steering system by weight shift promotes balance and motor skills, the handlebar can be optimally adjusted to the size of the child and the non-slip silicone footboard ensures grip and safety on the scooter.

CHF 149.00

The sustainable Micro Kids Scooters are made from recycled plastic. For this purpose, used and discarded fishing nets, ropes, crates and other plastic waste that would otherwise have ended up in the sea are converted into high-quality plastic raw material, so-called "Green Plastic", through mechanical recycling. This in turn is used for the deck and brake of the Micro ECO scooters.

The use of "Green Plastic" not only means a reduction in landfill, marine pollution and the loss of valuable resources, but also a reduction in the environmental footprint.

- Ideal for: Sports & Recreation, Going to School
- Age: 5 years+, 10 years+
- Product weight: 1-3 kg
- Weight: 2.5 kg
- Handlebar height: 67-91 cm
- Foldable handlebar: No
