

Micro Mini Micro 3in1 Deluxe ECO LED Green (MMD167)

The Mini Micro 3in1 Deluxe ECO LED can be used in different variations: with height-adjustable seat, as a cross between a running wheel and a scooter, and as a classic Mini Micro Deluxe ECO with height-adjustable handlebars, patented Leen-to-steer mechanism and a non-slip footboard. The motion-powered LED wheels with dynamomechanics, give the scooter that little extra.

CHF 129.00

The sustainable Micro Kids scooters are made from recycled plastic. For this purpose, used and discarded fishing nets, ropes, crates and other plastic waste that would otherwise have ended up in the sea are converted into high-quality plastic raw material, so-called "Green Plastic", through mechanical recycling. This in turn is used for the deck and brake of the Micro ECO scooters.

The use of "Green Plastic" not only means a reduction in landfill, marine pollution and the loss of valuable resources but also a reduction in the environmental footprint.

- Ideal for: Sports & leisure, going to school
- Age: 12 months+, 18 months+, 2 years+
- Product weight: 1-3 kg
- Weight: 1.95 kg (with seat) / 2.2 kg (without seat)
- Handlebar height: 48-68 cm
- Foldable handlebar: No
- Height adjustable handlebar: Yes
- Tire size: 120/80 mm
- Tire material: PU tires
- Footboard width: 11 cm
- Footboard length : 30 cm
- Footboard Material: Fiberglass reinforced PA, Extra grip silicone molded parts
- Max. Load: 50 kg
- Mudguard : No
- Stand : No

- Strap holder : No
- Seat height: 25-29 cm
- Height adjustable seat: Yes
- Removable seat: No
