

Micro Balance Bike Lite Peacock Green (GB0036)

The Micro Balance Bike Lite is particularly well suited as an entry-level model due to its low weight. At just 2.6 kilograms, it is one of the lightest balance bikes on the market. This makes it maneuverable and also comfortable for parents to carry, should the child ever be tired of riding. Additional comfort is provided by the height-adjustable saddle, the 12-inch EVA foam tires and the deep frame that makes it easy to get on and off. Thanks to the trendy color combinations, the Micro Balance Bike Lite is also a real eye-catcher on the playground.
