

Blazepod Cone Adapter

Attachments for 2 pods from Blazepod on pilons. This raises the pods and makes them more visible. Click the pod into the attachment and fix it to the adapter. Then attach to pilons and off you go. The pods are then raised and in some cases more visible.

CHF 39.00

We recommend selecting the function "delete after a certain" time in the APP so that the pilons do not tip over when touched. Enjoy your training.
