

## Powerfood One Intra Performance 1000g can

Enjoy an active lifestyle - Give yourself the extra performance for your workout with Intra Performance. The contained clusterdextrin is a high-performance carbohydrate that provides you with an energy boost and ensures long-lasting performance. The EAAs ensure the best possible supply of the muscles. Go for it!

CHF 49.90

Clusterdextrin is a pure highly branched cyclic dextrin, perfectly soluble and an effective source of energy before, during or after training. Clusterdextrin is absorbed faster than other carbohydrate sources and is very well tolerated. Cyclic dextrin also promotes recovery after hard workouts, such as in regeneration phases or muscle building phases.

### RECOMMENDATION FOR CONSUMPTION

Stir 30 g of powder (equivalent to 1 scoop á 60 ml) daily into 250 ml of water and mix.

### INGREDIENTS

Maltodextrin (contains 80% highly branched cyclic dextrin), flavor, 5.0% L-Leucine, flavor blend (dextrose, flavor, acidifier: citric acid, colorant: Beta carotene, sweetener: sodium saccharin), calcium salts of orthophosphoric acid, 3.1% L-lysine hydrochloride, potassium citrate, 2.1% L-threonine, 2.0% L-isoleucine, 2.0% L-valine, acidifier: Citric acid, pectins, magnesium malate, 1.2 % L-phenylalanine, acidifier: DL-malic acid, natural flavor, 0.8 % L-tryptophan, 0.75 % L-methionine, 0.67 % L-histidine, table salt, colorant: beta-carotene, sweetener: sucralose, riboflavin

Flavor: Tropic
