

Powerfood One Water Gallon 2.2L

The new Powerfood One Water Gallon is a robust drinking bottle with a wide bottle neck and a protruding mouthpiece. The Water Gallon has a stylish design and is also available in black and white. Due to the large capacity of 2.2 L, there is no more annoying refilling! With the Powerfood One Water Gallon, your fluid supply is optimally guaranteed throughout the day, as well as during your workouts.

CHF 13.90

The robust closure of the Water Gallon can be easily screwed shut and holds 100% tight! Due to the wide bottle neck, the water bottle can be easily filled with ice cubes - the perfect solution for the summer! At the neck of the bottle is a strap attached that can be used for carrying or attaching. If you are looking for a functional water bottle with a stylish look, then the Powerfood One water bottle is the perfect choice!
