

Schwinn 700IC Indoor Bike

The Schwinn® 700IC is a low-impact, cardio-kick indoor cycling bike designed specifically for the serious cyclist. When harsh weather or a crazy schedule dictate your indoor workout, simply hop on the 700IC for a high-energy, low-impact training experience that feels like you're pedaling through rolling hills. With a generous LCD console, wireless heart rate monitoring, an 18.1 kg flywheel and infinitely adjustable resistance, this bike offers real value for money for the ambitious cyclist. Bring more health into your life by bringing the Schwinn® 700IC into your home.
