

Dymatize ISO 100 2264g can

The best-selling isolate in the world before and after training! Everyone who strives for a defined, yet powerful physique, knows the challenge on the one hand to promote muscle protein synthesis and on the other hand to consider a targeted calorie intake. This requires the highest product quality so that, in addition to the right amount of protein, as few excess calories as possible are absorbed.

CHF 119.90

ISO100 HYDROLYZED is a premium combination of hydrolyzed whey protein isolate and whey protein isolate - DYMATIZE's most advanced formula. Hydrolysis breaks down whey protein isolate into smaller amino acid chains, making it easily digestible. ISO100 HYDROLYZED is the perfect choice after and especially before intense strength training sessions. Free of sugar and fat, one serving contains less than 116 kcal when mixed with water.

- The best selling isolate in the world
- "Award winning isolate" four years in a row (2013-2016).
- 25 g of whey protein isolate per serving
- Each serving contains 5.6-5.8 g of BCAAs and 2.6-2.7 g of the important amino acid L-Leucine, depending on the flavor
- Sugar and fat free and less than 116 kcal per serving (mixed with water)
- Gluten free
- Suitable for vegetarians
- Tested for banned substances by Informed-Choice to ensure both the safety of the athletes as well as the highest product quality

Suggested Use

1- 2 servings per day. Enjoy before workouts, after workouts or anytime you want a high quality drink with a high protein content.

For Smooth Banana, Cookies & Cream, Strawberry & Gourmet Vanilla:

Prepare by stirring 1 scoop (enclosed) into 150-180 ml of water, milk or beverage of your choice and mix well.

For Gourmet Chocolate, Fudge Brownie & Birthday Cake:

Preparation: Stir 1 scoop (enclosed) into 215 ml of water, milk or beverage of your choice and mix well.

In addition to a varied and balanced diet and a healthy lifestyle.
