

Impulse Fitness Leg Curl Prone (IFP1604)

The new Impulse IFP range of fitness equipment with single stations for discs is specially designed for economic use in small fitness clubs, hotels, clubs and the like. These machines are characterized by functionality, easy maintenance and original design. They are designed to ensure comfortable strengthening while saving space.

CHF 929.00

Equipment:

- the Prone Leg Curl is a great machine to safely isolate the back of the legs, i.e. the rear thigh muscles and the calf muscles.
- sturdy, high quality steel construction
- disc supports for 51mm discs
- certified according to EN-20957-1 (class S) - for professional use
- height adjustable seat
- for user sizes from 155-195cm
- comfortable padding with high density
- leg support (-roll) adjustable in the range of 360° in 16 adjustment levels
- patented and ergonomic design with urethane coated handles
- with high-strength barbell tube protective cover made of technical plastic material
- double powder coating technology of the sandblasted metal frame significantly improves the adhesion of the metal to the paint and provides a high quality and abrasion resistant coating
