

## Impulse Fitness Standing Hip Abductor (IFP1622)

The new Impulse IFP range of fitness equipment with single stations for discs is specially designed for economic use in small fitness clubs, hotels, clubs and the like. These machines are characterized by functionality, easy maintenance and original design. They are designed to ensure comfortable strengthening while saving space.

**CHF 899.00**

### Equipment:

- A great single-purpose device for strengthening the outer and inner thigh muscles as well as the buttocks.
- Turning point width matches the width of the user's hip joint, providing the user with a more comfortable experience and precise stimulation of muscle groups
- oversized, widened leg pads to accommodate the training needs of different users
- sturdy, high quality steel construction
- disc pads for 51mm discs
- certified according to EN-20957-1 (class S) - for professional use
- for user heights from 155-195cm
- two long handles for better balance
- with steps that make it easier to get on and off the machine
- the insoles have a structured surface and edges to protect the feet from slipping
- patented and ergonomic design with urethane coating on the handles
- with high-strength barbell tube protective cover made of engineering plastic
- double powder coating technology of the sandblasted metal frame significantly improves the adhesion of the metal to the paint and provides a high quality and abrasion resistant coating

Use: home use to light-commercial use, payload disc support: approx. 150kg, payload user: approx. 150kg

Equipment dimensions: L172 x W59.5 x H128cm, weight 110.4kg
