

Set offer - NÜOBELL Dumbbells 2-20kg Classic with stand and Body Solid Universal Bench GFID31

Set offer NÜOBELL dumbbells 2-20kg with stand and Body Solid universal bench GFID31 - **NÜOBELL 220 Classic** - the flexible dumbbell with the revolutionary twist for selecting all-in-one weights. The NÜOBELL 220 is adjustable from 2-20kg in 2kg increments. The NÜOBELL 220 is one of the most space-saving and user-friendly dumbbell variants currently available. The NÜOBELL 220 offers quick weight adjustment with a simple turn of the handle. With an immediately available weight of up to 20kg, the NÜOBELL 220 is perfect for strength, conditioning and endurance training. **Body Solid - universal bench** for flat, incline and negative bench presses, 90° shoulder presses and dumbbell training. Thanks to the negative function, this bench is also suitable for sit-ups and abdominal crunches. Specially designed with a shortened base frame to fit perfectly into all Smith machines, power racks and multi-press racks. Allows proper form and positioning for incline and shoulder press exercises in all racks. Improved design provides quick, easy, solid and safe 6-position ladder-style back pad adjustment.

CHF 1'049.00

Each individual **NÜOBELL dumbbell** offers the possibility to train in weight increments of 2, 4, 6, 8, 10, 12, 14, 16, 18, 20 kg - the weight is selected by simply turning the handle.

This is made possible by a patented locking mechanism that can only be adjusted when the barbell is in

the base station. This ensures that the dumbbell can only be removed from the base station when the selected weight has been precisely set and locked in place. The patented locking mechanism ensures that the weight plates are always set precisely and locked securely.

- Each weight plate is coated with a thermoplastic material to protect floors from scratches and prevent annoying rattling noises.
- patented locking system enables the easiest and quickest weight changes by simply turning the handle
- Dumbbell design starts at 2kg and is the most compact adjustable dumbbell system currently available
- weights are marked on both sides of the handle for easy reference
- 32mm diameter dumbbell handle for a comfortable and secure grip during training
- Aluminum base station
- Handle made of CNC-clean aluminum
- Handle diameter: 3.2 cm
- Handle length: 10.5cm
