But this is where the magic happens: maximum luminosity on three wheels. Powered by motion-generating LED wheels driven by state-of-the-art dynamo mechanics, this scooter not only adds an exciting glow to your ride, but also ensures that you remain visible in low light conditions.

Our Maxi Micro LED wheels are made of high-quality, clear 120 mm polyurethane (PU) and provide the unmistakable, smooth Micro Scooter experience you love. You don't need batteries - our inductive charging method keeps you moving. And with ABEC 9 bearings, maximum precision and durability are guaranteed.

With the Maxi Micro Deluxe Flux LED, you can upgrade your vehicle and experience the future of rolling. This is where technology meets adventure, and your ride is always illuminated. Get ready to light up the roads!
