Our HY-PRO Protein Shake is a deliciously creamy protein shake for additional protein supply between meals or during training. The protein powder can be mixed with milk or water, is very low in calories (a shake of 25g powder mixed with water has less than 100 kcal) and can be used at different times of the day to supplement your protein supply with 20g protein per serving. HY-PRO Protein Shake Powder can also be added to yoghurt, quark, smoothies or morning muesli to provide an extra portion of protein, as well as providing flavor and sweetness. It has also proven itself as a high-protein, low-calorie additive in baking and can be used in cake, cookie or pancake batter.

The powder is enriched with various B vitamins, vitamins C and E and magnesium. Best nutrients for the muscles during intensive training phases, for protein enrichment and additional vitamin supply of an otherwise healthy and balanced diet.

Each bag contains 400g = 16 portions

A whopping 20g protein per 25g powder portion - composed of the 4 high-quality protein types milk protein, whey protein concentrate, whey protein isolate and egg albumin.

Low in calories - LOW FAT (low fat content 0.5g per 25g powder), low in sugar (0.7g per 25g powder). No added sugar, sweetened with sweetener (aspartame free).
