

## Nautilus E628 elliptical trainer

The E628 elliptical trainer is part of the Nautilus Performance series. The E628 is designed for serious competitors who want to improve their training. It is fully equipped with dozens of training programs, Bluetooth® connectivity and free app-based tracking tools to help maximize motivation and improve performance. With three variations in pedal angle settings, multiple muscle groups can be targeted and worked. The Nautilus elliptical trainer E628 enables varied mountain tours thanks to an electronic incline of 0-10°. Mountain runs and runs on flat terrain are possible on the Nautilus E628 elliptical trainer.

**CHF 1'999.00**

### Equipment:

- Electronically controlled magnetic brake system (EMS)
- Flywheel mass approx. 13.6kg
