

## Sponser EAA Instant 300g can

Powdered drink as a dietary supplement with 11 amino acids, citrulline and taurine. With apple flavor and sweetener. EAA INSTANT provides essential and semi-essential amino acids in a tasty instantized form in combination with L-citrulline and taurine. The ideal enrichment for every workout! As a non-proteinogenic amino acid, L-citrulline, together with ornithine and arginine, plays a central role in nitric oxide metabolism and thus ensures an optimal supply of nutrients to the muscles. Taurine rounds off the formulation as an antioxidant.

**CHF 29.50**

### Advantages:

- L-citrulline and taurine as active nutrients for optimal training support
- Targeted supplementation of essential amino acids
- Very good solubility
- Vegan

### Directions:

Take 1 serving directly before, during and/or after exercise. 2½ scoops (= 12 g) daily.

Do not exceed the recommended daily intake. Food supplements are not a substitute for a balanced and varied diet and a healthy lifestyle. Keep out of reach of small children.
