Supporting concentration, coordination, precision, visual performance and cognition. Whether for sport, study or work: MENTAL FOCUS is the supplement of choice when it comes to the ability to concentrate!

CHF 37.00

Natural preparation, specially developed for activities with increased cognitive, mental and visual performance requirements. Particularly suitable for sports such as golf, ball sports, tennis, e-sports, shooting and motor sports as well as for work and study. Mental Focus contains plant extracts containing polyphenols, carotenoids, phosphatidylserine and L[1]theanine from green tea. Supplemented pantothenic acid supports normal mental performance, while zinc supports the maintenance of normal vision and normal cognitive function. Vitamins B12, B2, B6, C and niacin contribute to the reduction of tiredness and fatigue.
