

AIREX Coordination Rocker for Balance Pad

Serves as an addition to the existing Balance Pad. Through the rocking movement to the buffing effect, the coordinative property of the Balance Pad is still strengthened.

CHF 46.90

Especially suitable for experienced users. Loadable up to a body weight of 100kg.

Dimensions coordination rocker: L50 x W45 x H9cm

:

Please check the surface for slip resistance before using Airex balance products. We recommend using an Airex mat as a base to increase comfort and safety.
