

Body Solid Club Line Rotary Torso (SOT1800)

There is no better tool to tone and develop the abdominal muscles, obliques and lower back than the Rotary Torso Machine. Ergonomically designed for comfort and isolation of all muscle groups in the midsection, this machine is a must-have for any facility with members looking to tone their waist and strengthen their lower back. The easy pop-in cam adjustment allows users to expand or restrict their range of motion. Special features include a thick steel footplate with multiple angles and DuraFirm™ padded hip, forearm and retractable lower body support pads for stability and comfort.

CHF 2'690.00

Equipment:

- cam adjustment allows users to expand or restrict their range of motion
- Low center of gravity that maximizes workout stability
- multi-angle foot platform made of heavy steel with diamond plate
- padded, retractable lower body support for user safety and comfort
- highly polished, chrome-plated solid steel guide and shift bars
- extra durable, tear-resistant DuraFirm™ padding is double stitched
- 95kg weight block (140kg optional)
- fiberglass-reinforced nylon pulleys with V-groove channels
- nylon coated, self-lubricating aircraft grade steel cables
- double powder coating protects against scratches, chipping and flaking
- 5 x 10 cm high tensile steel. All welded on 4 sides
