

Body Solid Club Line Leg Press (SLP500)

A machine of tremendous strength and durability. True to Body Solid tradition, this is no ordinary leg press, it uses a sophisticated bearing block and sealed ball bearings for precise alignment and frictionless movement. This allows you to achieve higher performance results. The advanced design reduces spinal compression while allowing full range of motion in a natural biomechanical movement. The fully adjustable DuraFirm™ back pad with an ergonomically designed two-position pressure plate accommodates users of all sizes for a complete leg and calf workout. For truly tremendous muscle capacity, look no further than this machine. It's built to last, even under the most strenuous routines.

CHF 2'890.00

Features:

- Machine drilled to exact specifications and features oversized nylon bushings for super smooth operation
- adjustable backrest
- handles on both sides of the seat
- highly polished, chrome-plated solid steel guide and shift rods
