

## Body Solid Club Line - Butterfly Station (SPD700)

When you surround yourself with the PEC DEC Machine, you experience a remarkable blend of function and form. This is evident the moment you sit down on the molded seat and adjust the weight block to your workout level. Designed for bilateral or unilateral use, the hidden elliptical cams provide consistent, variable resistance throughout the range of motion for optimal muscle development. From lifting to comfortable padding, it provides a strong environment with impressive function. The Pec DEC Machine is everything you want it to be. The look is unique and sleek. The performance is strong and smooth.

**CHF 2'490.00**
