

Body Solid Club Line - Triceps Station (STM1000)

Need a heavy workout with the possibility of muscle isolation? Call in a specialist. The Pro Club Line Triceps Press Down Machine specializes in heavy duty performance, it's that simple. Built on a sturdy foundation, this machine is loaded with features like a low center of gravity that maximizes workout stability, a fully adjustable seat, and angled press down bars that allow for full range of motion while providing comfort and control. The non-slip rubber grips also provide ultimate safety during an intense workout. Adjustable seat belt fits all body sizes and stabilizes your body during push-ups that exceed your body weight. The unique, easy-access design ensures a safe workout experience - a special machine for a special development.

CHF 2'690.00
