

Body Solid Club Line - Lat pulldown/rowing station (SLM300G)

The impressively versatile Pro Club Lat Machine is a favorite for use in gyms and clubs. Exceptional capabilities set this machine apart. For starters, you get a high pulley directly overhead for optimal back and shoulder isolation. The extra-long pulldown bar allows you to choose a wide, medium or narrow grip position for maximum development. The no cable change design allows you to instantly and directly transition to a Long Pull / Seated Row exercise movement to further increase the size, strength and endurance of your back muscles. Adjustable support pads stabilize you as you lift above your body weight. Unique styling, space-saving design, exceptional performance and versatility make this lat machine an eye-catching addition to any gym, club or institute.

CHF 2'590.00
