

Body Solid Club Line - Leg extension station seated (SLE200)

When you're ready to build muscular legs and stronger knee joints, the Leg Extension Machine is ready to help you achieve your goals. The exceptionally strong main frame combined with a custom-molded DuraFirm™ thigh pad and biomechanically accurate movement pattern provides a smooth, solid feel and immediate response. Precise fulcrum alignment and mid-drive cam design with variable resistance provide the smooth and powerful response you expect. The DuraFirm™ back pad for recumbent bikes adjusts to fit all body sizes and prevents lower back strain while allowing full range of motion. Pop-pin adjustable foot pads ensure proper alignment. Grab handles provide ultimate stability for a worry-free workout. There is no compromise here, as this machine is designed to provide strength, comfort and safety.

CHF 2'490.00

Features:
