

Body Solid Cable Pull Station GCCA

The **optional cable pull station for Body Solid multistations** - ten incremental adjustments and the pivoting design of the four pulleys provide natural movements and allow the user to fully customize their exercises.

CHF 849.00

Dual handle design allows for both unilateral and bilateral movements, so you can focus on a single muscle or an entire muscle group. A single pop-pin adjustment provides a smooth and easy transition between exercises.

Features:

- **can only be used in combination with a Body Solid Multistation** - compatible with Body Solid Multistations: G2B, G3S, G5S, G6B, G10B.
