

Body Solid Functional Trainer GDCC200

The Functional Trainer, the new training center from Body Solid, for user-defined, isolateral training movements. Two height-adjustable traction elements allow for the highest variety of training exercises, as well as sport-specific exercises, from fitness to rehabilitation.

CHF 2'099.00

Equipment:

- user-defined, isolateral movement sequences for unrestricted training exercises
- 20 positions for height adjustment of the traction parts
- 180° positioning of the pull handles
- space-saving design
- 2 weight plates à 72kg with ratio 2:1 (2,25kg to 36kg) - upgradeable with 2 x 22,5kg weight plates (2,25kg to 47,25kg)
- the ratio of 2:1 allows a very smooth workout, deeper weight increments and a larger range of motion
- option: long bar (can be connected between the 2 cable pulls for squats, bench press and other exercises)

Use: home use

Machine dimensions: W198 x D102 x H213,5cm, weight 242kg

Accessories: 2 pull handles

Options: 2 x 22,5kg additional weight, long bar, accessory suspension, training bench

Warranty: 2 years on labor and spare parts (excluding consumables)
