

Tunturi cross trainer C50R

The Tunturi Performance line offers a very high price/performance ratio for the home user. Each Tunturi Performance cross trainer has a user-friendly console, which also includes a watt program. The Tunturi Performance C50R is a rear-wheel drive cross trainer with 20 different programs and 32 resistance levels. The control panel has an integrated LCD display and simple menu navigation via a rotary knob. This makes the crosstrainer very easy and intuitive to use.

But the potential is far from exhausted! Because this Tunturi cross trainer also has the option of connecting a tablet or smartphone via Bluetooth and thus using the exciting possibilities of the i-Console+, Fit Hi Way and Kinomap apps. As soon as you do this, completely different possibilities unfold! Create an account and jog around the world using Google Maps. Various measurements allow you to keep track of your training and share it with your friends on Facebook or Twitter.

The maximum user weight is 135 kg. In addition to the pulse measurement on the handles, a chest strap can also be used as an option. The resistance is electronically controlled and has a maximum output of 350 watts.
