- height adjustment
- self-righting pedals
- meets the high requirements of EN 957 HA and is therefore also suitable for therapeutic use
- test programs possible via the optionally available Ergo-Fit Vitality Trainer software (not included in delivery)
- PC interface RS232

- color: papyrus white (RAL9018) / signal black (RAL9004)
- MADE IN GERMANY

Application: home use, payload: approx. 180kg

Unit dimensions: L119 x W60 x H140cm, weight 45kg

Accessories: integrated receiver for chest strap transmitter, hand pulse sensors

Option: transmitter belt, floor protection mat, Ergo-Fit Vitality Trainer software

Warranty: 2 years on labor and spare parts (excluding consumables)

Brake system: electronically controlled magnetic brake system

Current-dependent: Yes

Horizontal seat adjustment: Yes

Handlebar adjustable: No

Resistance levels: 15 - 400 Watt

Training computer: LCD display

Displayed values: Watt, time, distance, cadence, calorie consumption, heart rate, speed in km/h

Training programs: 4

Pulse-controlled programs: 1

User-defined programs: keine

Hand pulse sensors: No

Pulse receiver: 5khz

Multimedia: No

Accessories: integrated receiver for chest strap transmitter

Options: Transmitter belt, floor protection mat

Dimensions (length / width / height): L 119 x W 60 x H 140 cm

Device weight: 45 kg

Payload: approx. 180 kg

Insert: Home

Warranty: 1 year full warranty, 2 years spare parts

Features: MADE IN GERMANY, suitable for therapeutic use,
