

## Flexaband FlexaClip

FlexaClip enables rings to be formed without knots. The ends of the straps are laid on top of each other to the desired length and simply clipped together with the FlexaClip. That's it!

CHF 1.60

Fits all 4 Flexaband thicknesses - FlexaClip, like FlexaFlix, is a practical accessory for the Flexaband.

FlexaClip makes it easy to form a ring - without knots! Fold the Flexa tape in half. Then place the ends of the ribbon on top of each other and into the FlexaClip. That's it. You can start your fitness training with the Flexaband!

The clamp fastener can be used to shorten the exercise band to any length to suit the fitness exercise in question.
