

## LeMond Fitness GForce UT Digital Upright Bike - EXHIBITION MODEL

**Exhibition model in mint condition - for questions please contact the Shark Fitness Shop Wettingen on 056 427 02 25**

The LeMond Fitness GForce UT is a reference class ergometer. High-quality workmanship, beautiful design, innovative standards such as horizontal and vertical seat and handlebar adjustments and state-of-the-art technology make the GForce UT one of the best and most comfortable ergometers on the market.

**CHF 1'590.00**

Each part of the HOIST LeMond UT series has been developed to introduce the most innovative indoor bike on the market. The GForce UT was developed in collaboration with three-time Tour de France champion Greg LeMond. Great emphasis was placed on performance and comfort. The new design combines innovative technology with unique features that allow the rider to create a personalized riding experience. An ergonomically designed seat, superior frame and even more seat and handlebar adjustments are among the many features that set this bike apart as a leader in the home fitness industry.

Application: Home to light institutional use, payload: approx. 136kg

Device dimensions: L127 x W66 x H145-170cm, weight 61kg

Accessories: integrated receiver for chest strap transmitter (5khz), hand pulse sensors, bottle/scarf holder, reading holder

Option: T34 transmitter belt

Warranty: Home use: 6-month warranty on spare parts (excluding consumables)

Brake system: electronically controlled magnetic brake system

Current-dependent: No

Horizontal seat adjustment: Yes

Handlebar adjustable: Yes

Resistance levels: 33 to 1200 watts

Training computer: LCD display

Displayed values: Time, distance, speed, watts, RPM, calories, pulse and training profiles

Training programs: 6

Pulse-controlled programs: 3

User-defined programs: keine

Hand pulse sensors: Yes

Pulse receiver: 5khz

Multimedia: Bluetooth interface, USB port, entertainment APP's, water bottle holder, tablet holder.

Accessories: integrated receiver for chest strap transmitter

Options: Transmitter belt, floor protection mat

Dimensions (length / width / height): L 127 x W 66 x H 145-170 cm

Device weight: 61 kg

Payload: approx. 136 kg

Insert: Home to light institutional use

Warranty: 2 years on labor and spare parts, light institutional use: 1 year on labor and spare parts.

Features: 7 exclusive training sessions developed by Greg LeMond, Digital Controller
